

**A Grants Memo is a great way to share internally which prospective funders your organization is looking at applying with. This allows your organization's leadership to identify any existing connections to the funder to help get your foot in the door before applying.*

Grants Monthly Memo

JULY 2023

GRANT PROSPECTS

Funder Name: [Field Foundation](#)

Grant Name: Justice Portfolio

Due Date: *Rolling*

Overview: Field has prioritized several focus areas, including housing, immigration, and systems impacted by justice reform. While the Justice portfolio is interested in supporting and funding organizations working in these focus areas, we want to learn from communities addressing other critical issues and encourage applicants to organize and advocate outside of these issue areas.
